The old landlady is waving to visitors from afar. In Liosias Bay, however, no further invitation is needed: indulge in dolmades and satsaki, followed by a serving of grilled fish. During the off season, the remote beach strip in the northern part of Naxos is only inhabited by a dozen people, all making their living at the local taverns. The few visitors, who stray from the main roads and wander down the narrow, dusty path, are treated to a delicious meal and home-made wine bottled in plastic water bottles—one of the many provisional arrangements you are certain to fall in love with.

Upon exploring the Hellenic civilization, the famous German writer Johann Wolfgang von Goethe remarked: “Of all peoples, the Greeks have dreamt the dream of life best.” In Naxos, this dream is still much alive. According to the myth, Dionysus and Ariadne were married here. Like the gods, the myth, Dionysus and Ariadne were still much alive. According to the best’; on Naxos, this dream

Roman Catholic and Greek Orthodox churches along massive Venetian castles and Hellenic cult sites tell of the island’s multi-cultural history. Greeks, Persians, Italians, and Turks long fought for dominance in the Argean, and only since 1852 has the island been part of Greece.
