Members from University of Sharjha Win Sheikh Hamdan Bin Rashid Al Maktoum’s Award to Support Medical Sciences

SHIEKH HAMDAN BIN RASHID AL MAKTUM AWARD FOR MEDICAL SCIENCES has given two faculty members from the Medical and Health Sciences Colleges a research grants to support their research projects in the University of Sharjah. The recipients of this award are: Dr. Sausan Al Kawas, Associate professor and Head of Oral and Craniofacial Health Sciences Department at the College of Dentistry and Dr. Nisreen Tadmori, Assistant professor at the Department of Basic and Medical Sciences, College of Medicine.

Dr. Sausan Al Kawas has received this award to support her research about the analysis of mercury concentration in the waste water released from dental clinics and its adverse effect on environment in UAE. This research project also aims to find corrective mechanisms in the disposal of mercury wastes by the dental clinics in UAE. The results of this project will contribute to the efforts of Ministry of Health to reduce the mercury burden in the waste water by monitoring restrictions involved in the handling and discharge of mercury-contaminated waste.

Dr. Nisreen Tadmori research project about genetic diseases and it will be done by studying Diabetes Mellitus in UAE children.

It is noteworthy that SHEIKH HAMDAN BIN RASHID AL MAKTUM AWARD FOR MEDICAL SCIENCES is one of the most prestigious award in Medical Research in UAE and been awarded to more than 50 researching scientists to support their projects since 2000 till date.

HMC and CNA-Q announce partnership

As part of its educational strategy to help train the next generation of professionals in the field of dentistry, Hamad Medical Corporation (HMC) has entered into a partnership with the College of the North Atlantic in Qatar (CNA-Q) to provide a licensed supervisor under CNA-Q’s Dental Assistant Program.

Speaking during the signing ceremony held in the boardroom of Hamad Women’s Hospital, HMC Managing Director Dr. Hanan Al Kuwari, said: “The agreement that is being signed is an important step in our continuous collaboration with CNA-Q to provide the highest level of education in Qatar, and to encourage our youth to pursue careers in healthcare, such as the dental profession.”

Dr. Al Kuwari added that HMC is proud of its partnerships with prestigious institutions, which have benefited hundreds of students and graduates over the years. She stated further that the mutual sharing of knowledge and expertise has helped HMC achieve better healthcare outcomes for its patients.
